The EPA Region 6 Houston Branch ESAT data validation team has completed a review of the submitted Contract Laboratory Program (CLP) data package for the referenced site. The samples analyzed and reviewed are detailed in the attached Regional data review and assessment report for this case.

The data package was found to be:

- () Acceptable: No major problems with data package.
- (X) Provisional: Use of data requires caution.
Data is acceptable for Regional use. Problems are noted in the review report.
- () Unacceptable: Some or all of data should not be used.
Problems are noted in the review report.

Questions regarding the data review report can be addressed to me.
